

ORGANISATION	<u>EUROVERTICE</u>
Profile	<p>EuroVértice is a consulting firm specialized in European financing, born in 2006 with the aim of promoting the participation public and private entities in sustainable projects, financed with European funds.</p> <p>In these more than 15 years EuroVértice has taken part in almost all European programmes, gaining more than 100 Million euros in subsidies and creating a network of more than 500 international partners all over Europe.</p> <p>EuroVértice has continued to expand its sphere of activity from former European programmes to many other such as Interreg Europe, LIFE+, Horizon 2020, MED, SUDOE, ENI, Erasmus+, etc. and has invested in the capacity building towards the new programming period 2021-2027. Also, our company has supported our regional authorities in the first steps towards Next Generation EU identifying projects and providing consultancy. Regarding Horizon Europe we were hired to prepare the research groups at the largest academic organization of our Region.</p> <p>EuroVértice cooperates with different public bodies (regional governments, including regional development agencies, municipalities, including the Federation of Municipalities in the Region of Murcia, universities, etc) as well with the private sector (SMEs and corporates, business support organisations, etc).</p> <p>Along with the European funding service, EuroVértice has developed a consultancy service specialized in urban, environmental and energy development. The development and management of Sustainable and Integrated Urban Strategies, Action plans for Climate and sustainable Energy or the implementation of the ISO 50,001 are some of these services.</p> <p>EuroVértice counts with a multidisciplinary staff highly qualified knowledge in different fields and with proven experience in EU project design and management with more than 20 professionals. EuroVértice team includes experts in the following fields: Energy,</p>

	<p>environment, research and innovation, other types of engineering, social workers, local and sustainable development, training and employment, law, languages, geography, etc. The qualification of the team includes Master Degrees, Doctors and University professors.</p>
<p>Previous experience in European projects</p>	<p>Besides our experience in supporting our clients in their participation in EU projects, EuroVértice has recently participated as a full partner in the following EU projects:</p> <p>COMPETE4SECAP “Energy management competition for local authorities to uptake and enhance Sustainable Energy and Climate Action Plans.”</p> <ul style="list-style-type: none"> • Programme: H2020 EE9 • Duration: 01/09/2017 – 01/09/2020 • Budget:€ 1 709 516 • Project website: http://compete4secap.eu/ <p>LIFE CITYAdap3 “Financing Cities Adaptation to Climate Change through Public-Private Partnerships and Corporate Social Responsibility.”</p> <ul style="list-style-type: none"> • Programme: LIFE • Duration: 01/09/2020 – 30/09/2024 • Budget:€ 2 302 509 • Keywords: climate change, SECAP, local authorities. <p>LIFE Adaptate “Common methodology for the development of Sustainable Energy and Climate Action Plans in European municipalities.”</p> <ul style="list-style-type: none"> • Programme: LIFE • Duration: 01/09/2017 – 30/09/2021 • Budget:€ 3 022 322 • Project website: http://lifeadaptate.eu/ <p>LIFE Sarmiento “Demonstration of an innovative solution to reduce GHG emissions in vineyards while improves the soil in arid areas.”</p> <ul style="list-style-type: none"> • Programme: LIFE • Duration: 31/09/2016 – 31/12/2020 • Budget: € 835 020 • Project website: http://lifesarmiento.eu/ <p>MEDICOOL “Validation, demonstration and transfer of a solar</p>

	cooling/heating system in a pharmaceutical logistics warehouse.” <ul style="list-style-type: none"> • Programme: LIFE • Duration: 01/09/2011 – 30/11/2014 • Budget: 6,704,503 €
